EXAMPLES OF CREATION TOOL
IMPLEMENTATION

VoyceMe

How do we do it?

Artist Create the Training Material

Artists help train the tool!

Artist Maintain Quality

Artist adjust images to ensure a human touch!

Ethical Creative Tool Implementation

Did you know? There are thousands of AI tools that have already trained on your artwork without your consent! The AI scours the internet for ANY artwork images it finds (posts from your IG, twitter, panels from the VoyceMe website... and a lot more.)

The good news is, VoyceMe collaborates with artists to help create images, ensuring ethical usage and respect for creators rights!

VoyceM e

How do we do it?

StoryTech as a **TIMESAVER**

Artists will create elements that traditionally take hours or even days to build from scratch, enabling our team to work more efficiently and meet tight deadlines.

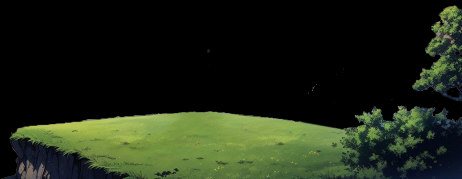

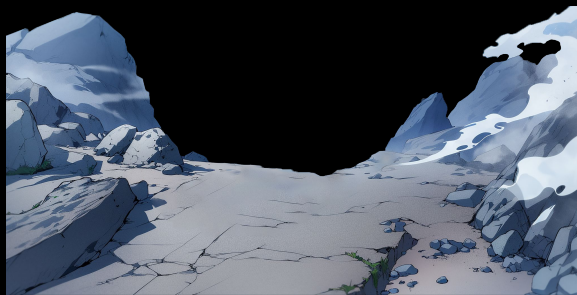

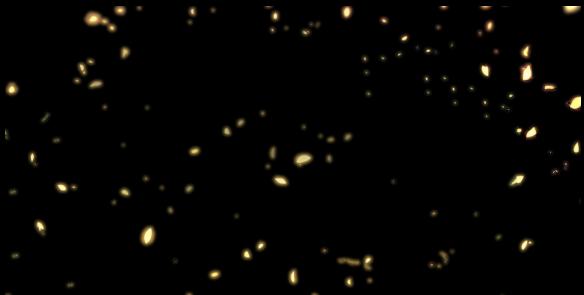

VoyceMe

How do we do it?

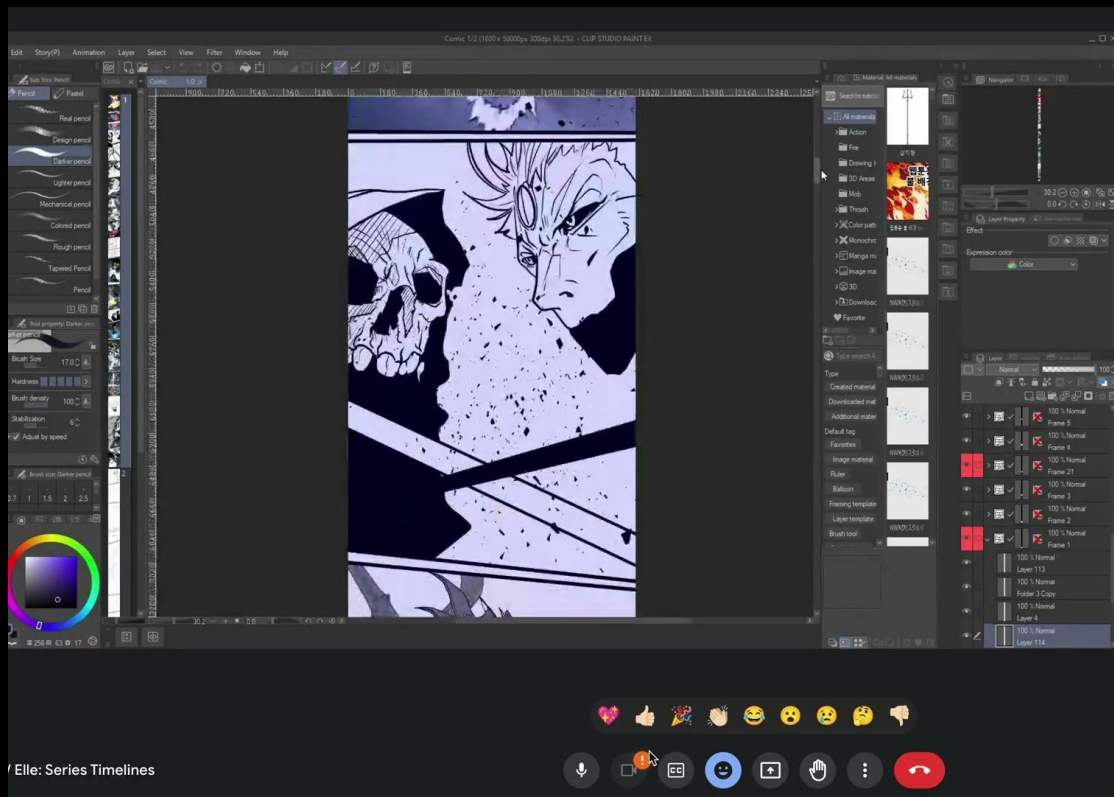

Asset Library

Artists will use background elements from our huge assets library and create dynamic scenes.
